ABLE

In December 2014, the Achieving a Better Life Experience (ABLE) Act was signed into law authorizing individuals with disabilities to open tax-exempt savings accounts to save for disability-related expenses without impacting their eligibility for resource-based benefits. The Act permits individuals with disabilities to save more than a total of \$2,000 in assets (cash, savings, etc.) in their name in a qualified ABLE account. Almost every state has developed its own plan. Nebraska's program, known as Enable, was passed into law in May 2015.

Impact to Benefits

An ABLE account is designed to supplement not supplant SSI or Medicaid benefits by permitting Eligible Individuals are to save more than \$2,000 in their name without impacting resource-based benefits.

- When the account balance equals or exceeds \$100,000, benefits can be affected.
- HUD will disregard amounts in the Enable account.
- Qualified withdrawals for housing expenses must be spent in the same month they are withdrawn.
- Neither earnings nor qualified withdrawals from an account are considered income to the account owner for SSI resources.
- Assets in an Enable account are an excluded resource for Medicaid.
- Wages are subject to existing Medicaid income guidelines.

Eligible Individuals

An Eligible Individual is someone of any age – child, transition-aged youth, or adult:

- In which the onset of the disability was prior to age 26; going up to 46 in 2026!
- **AND** is entitled to receive SSI or SSDI;
- **OR** who has a certification from a physician indicating he/she has a marked or severe functional limitation, which is expected to result in death or has lasted or can be expected to last for a continuous period of not less than 12 months.

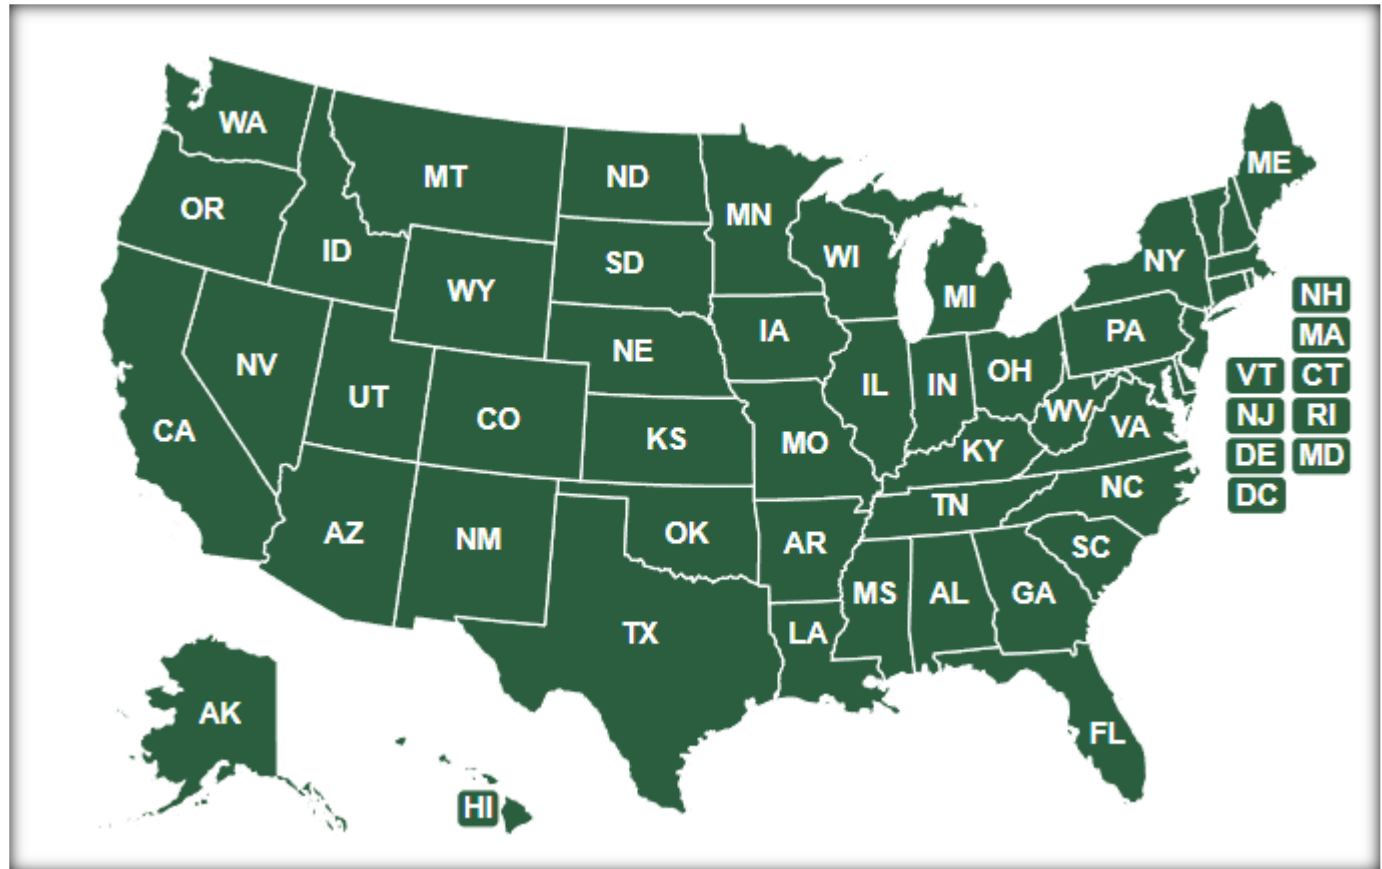

Eligible Individuals or their authorized individual will self-certify the disability and basis of eligibility when opening an account.

Account Ownership

- The Eligible Individual is the account owner.
- An account owner can only have one ABLÉ account nation-wide.
- Account owners may rollover to other ABLÉ accounts, subject to certain limitations
- Authorized individuals may be permitted to open and manage an account for the benefit of the Account Owner, but they will not have beneficial interest in the account

Authorized Individual Hierarchy

These people may act as an Authorized Individual for the account owner, in this order of priority:

- Power of Attorney
- Conservator or Legal Guardian
- Spouse
- Parent
- Sibling
- Grandparent
- Representative Payee

By filling out the forms, you acknowledge and agree that if you are an Authorized Individual acting on behalf of an Account Owner, you will be required to certify under penalties of perjury that you have the authority to establish the ABLÉ account, and that, to the best of your knowledge, there is no other person with a higher priority in the list of potential Authorized Individuals who is willing and able to establish an account.

Tax Benefits

- Earnings are tax-deferred while in your account and tax-free if used for Qualified Disability Expenses.
 - The earnings portion of withdrawals used on Non-Qualified Disability Expenses are subject to federal and state income tax and an additional 10% federal tax. (unless an exception applies)
- Contributions into an Enable account by anyone who files a Nebraska state income tax return, are eligible to receive a Nebraska state income tax deduction for their own contributions of up to \$10,000 (\$5,000 if married, filing separately).
 - Nebraska state income tax deductions are subject to recapture to the extent previously deducted if funds are not used for Qualified Disability Expenses.

Qualified Disability Expenses

Any expenses incurred at a time when the Account Owner is an Eligible Individual that are for the benefit of the Account Owner in maintaining or improving his or her health, independence, or quality of life. Such expenses include, but are not limited to expenses for:

- Education
- Housing
- Transportation
- Employment training and support
- Assistive technology and personal support services
- Health, prevention and wellness
- Financial management and administrative services
- Legal fees
- Expenses for oversight and monitoring
- Funeral and burial expenses

Passing of Account Owner

Upon the passing of the account owner/beneficiary:

1. Be sure to pay all qualified expenses.
2. Beginning November 13, 2020, Nebraska Medicaid will not seek to claw back any money left in an account after the beneficiary passes to pay back Medicaid expenses paid for the beneficiary after the beneficiary's account was opened.

Options for any remaining assets in the account:

1. Roll into a family member's ABLE account.
2. Roll into a pre-named Successor Account Owner's ABLE account.
3. Have money paid out to a "\$5K or less Inheritor" (if balance is equal to or less than \$5K at time of Account Owner's death).
4. Pay out to an Estate.

- With the exception of option #1, there will likely be some sort of tax implications. Please contact a probate attorney for more details.
